

1. Title: Chasing the horizon:

Theme:

Fear → Facing It → Success

represents feeling of every individual of age group 20-30 busy chasing their dreams with their hard work.

description:

This poignant anthem captures the emotional odyssey of a young dreamer navigating the tumultuous 20s. Blending evocative Hindi verses with an uplifting English chorus, the song vividly portrays the internal struggles and aspirations of youth. The opening verse paints a stormy inner world—fears of failure, the weight of others' success, and the pain of loved ones—using metaphors like shadows, mountains, and seas. The second verse shifts to resilience, with the protagonist vowing to persevere through courage, discipline, and patience, likening their journey to a solitary walk on a long road, fuelled by an unyielding inner fire. The final verse celebrates triumph, envisioning a sunrise of victory, parental pride, and a legacy etched in golden history. Yet, it emphasizes humility, grounding success in respect, kindness, and service to others, ensuring no trace of arrogance taints the dreamer's achievements. The recurring English chorus serves as a powerful mantra, reinforcing determination and boundless ambition with imagery of light, stars, and an undying flame. This song is a universal call to chase dreams relentlessly while staying true to one's roots, making it an inspiring ode for dreamers everywhere

2. Tools being used and how:

1. **Research:** Utilized **ChatGPT** to explore foundational requirements for music generation and identify available AI tools that support detailed customization, including control over bass, instrumentation, musical flow, and other compositional elements.
2. **Lyrics Generation:** Drew from personal emotions, insights, and thematic understanding to outline key creative points, which were input into **Grook**. Iteratively refined the prompts to develop a polished version of the lyrics.
3. **Music generation:** Leveraged AI tools such as **Suno AI, Udio, and Almusicgen.ai**—recommended by **ChatGPT**—to generate music aligned with the

refined lyrics. Due to **word-limit constraints** in these platforms, **utilized ChatGPT** to craft precise, customized prompts for defining themes, styles, instruments, and overall musical direction.

4. **Audio Export & Conversion:** As the final music was generated using **Almusicgen.ai**, which requires a **subscription for direct downloads**, the audio link was first shared **via WhatsApp**. It was then downloaded using a mobile device and subsequently converted into the **desired format** using a free online tool: [freeconvert.com MP3 Converter](https://freeconvert.com/MP3Converter).

Original lyrics

मेरे मन के अंधेरे में, डर का साया है

अपनों के दर्द का एहसास, एक तूफान सा है

नाकामयाबी का बोझ, एक पहाड़ सा है

दूसरों की सफलता देख, समुंदर में डूबता है

I'm chasing the horizon while the clock keeps its race

A storm brews inside yet I show no trace

Through the shadows, I'll find my light

With determination, I'll win the fight

Dreams so vast, they'll eclipse the stars

In my heart, the flame will never die

पर मैं हार नहीं मानूंगा, आग में जलूंगा

हिम्मत से लड़ूंगा, अपने सपनों को पाऊंगा

लंबी राहों पर चलूंगा, अकेला ही सहूंगा

संयम मेरा साथी, खुद को बनाऊंगा

धैर्य के साथ, मैं भी चमकूंगा

I'm chasing the horizon while the clock keeps its race

A storm brews inside yet I show no trace

Through the shadows, I'll find my light
With determination, I'll win the fight
Dreams so vast, they'll eclipse the stars
In my heart, the flame will never die
जब सूरज उगेगा, मेरी जीत की किरणें चमकेंगी।
मेरे माँ-बाप के चेहरे पर सफलता की मुस्कान होगी।
काबिल बनूँगा मैं दूसरों की मदद करने के लिए,
और मेरा नाम स्वर्णिम इतिहास में होगा।
सफलता की ऊँचाइयों पर भी, जमीन से जुड़ा होगा मेरा दिल।
लोग झुकाएंगे सर मेरे आगे इज्जत से, न कि जबरदस्ती से।
भले ही बन जाऊँ मैं दुनिया का सबसे काबिल,
पर न आए घमंड तिनके जितना, सुन मुसाफिर।

I'm chasing the horizon while the clock keeps its race
A storm brews inside yet I show no trace
Through the shadows, I'll find my light
With determination, I'll win the fight
Dreams so vast, they'll eclipse the stars
In my heart, the flame will never die

English Translation

race

A storm brews inside yet I show no trace
Through the shadows, I'll find my light
With determination, I'll win the fight
Dreams so vast, they'll eclipse the stars
In my heart, the flame will never die
But I will not give up, I'll burn in the fire.
I'll fight with courage, I'll achieve my dreams.
I'll walk the long roads, bearing the pain alone.
Patience is my companion, I'll build myself.
With patience, I too will shine.

I'm chasing the horizon while the clock keeps its race

A storm brews inside yet I show no trace
Through the shadows, I'll find my light
With determination, I'll win the fight
Dreams so vast, they'll eclipse the stars
In my heart, the flame will never die
When the sun rises, rays of my victory will shine.
A smile of success will shine on my parents' faces.

I'll become capable enough to help others.

And my name will be written in golden history.

Even at the heights of success, my heart will stay grounded.

People will bow before me with respect, not by force.

Even if I become the most capable in the world,

Let not a speck of ego enter me—hear this, traveler.

I'm chasing the horizon while the clock keeps its race

A storm brews inside yet I show no trace
Through the shadows, I'll find my light
With determination, I'll win the fight
Dreams so vast, they'll eclipse the stars
